

Ethos Statement

Recognising its historic foundation, the school will preserve and develop its religious character in accordance with the principles of the Church of England and in partnership with the Church at parish and diocesan level.

The school aims to serve its community by providing an education of the highest quality within the context of Christian belief and practice. It encourages an understanding of the meaning and significance of faith, and promotes Christian values through the experience it offers to all its pupils.

Mission Statement for the School

We believe every child matters and we aim to help every child to develop to his/her full potential according to age, ability and aptitude in a lively, caring, Christian environment.

We aim to help the children to develop lively enquiring minds and positive attitudes giving them the ability to question and argue rationally, to make sensible choices and, where necessary, to exercise independence.

We aim to instil respect for spiritual and moral values and an understanding of other races, religions and ways of life.

We aim to develop awareness of self and sensitivity to others so that children will live peaceably with their fellows and show kindness, consideration and helpfulness both in and out of school.

The school aims to help each child to learn how to learn and enjoy school life by finding excitement and satisfaction gained by achievement.
